- Theatre
- Work Experience

Students in Year 10 are able to include in their course of study a range of VCE Units suited to their interests and abilities. This means that the VCE is spread over 3 years, rather than 2, enabling students to tailor their own, individual program for these three critical senior years. It also means that students in Year 10 can sample subjects more widely than they would otherwise be able to.

In addition they are inducted more comprehensively into the study requirements for the critical VCE Unit 3-4 assessment which determines their ATAR score and subsequently their tertiary offer, or direct path into employment.
